SUMMARY

Enthusiastic and motivated Computer Science student with a strong foundation in programming, web development, networking, and operating systems. Skilled in HTML, CSS, JavaScript, and VB.NET, with hands-on experience in developing academic projects and solving technical problems. A quick learner with excellent communication, teamwork, and problem-solving abilities, seeking an opportunity to apply and enhance my technical skills in the IT industry.

EDUCATION

Aditya University 2025 – Present
MCA | CGPA 7.93

Dr. S. R. K. Govt Arts College 2023 – 2025
B.Sc.Computer Science | CGPA 6.88

SKILLS

- Java
- SQL
- VB.net
- C Programming Language
- Python
- Operating System
- MLP
- Data Analyst

PROJECTS

Eco Friendly Bags Management System | 2024

- Developed a management system to handle the production, inventory, and sales of eco-friendly bags.
- Implemented features for managing bag details, stock availability, customer information, and order records.
- Automated data management processes to reduce manual work and improve accuracy.
- Designed a user-friendly interface for efficient tracking and reporting of business operations.
- Promoted sustainable business practices through digital inventory and sales management.

Agriculture Management System | 2025

- Developed a desktop application to manage agricultural activities, including crop details, field allocation, and planting schedules.
- Implemented modules for seed inventory management, task tracking, and record maintenance.
- Automated data storage and retrieval to improve efficiency and reduce manual errors.
- Designed a user-friendly interface for farmers and administrators to monitor and manage farming operations effectively.
- Enhanced data organization and decision-making through centralized agricultural information management.

CERTIFICATES

- Python Essentials 1 & 2 - Cisco - 2025
- HTML5 & CSS3 - Infosys Spring Board - 2026
- Fundamental Data Science with Python - Infosys - 2026
- Machine Learning in Python - Infosys - 2026
